Scope

On behalf of the ALBI IM entities, Vinçotte performed a claim validation of liquid carbon dioxide labelled “Green Origin”¹ and sold by ALBI IM entities in 2025.
The validation was performed according to the requirements set out in the Claim Protocol validation report² and the Verification Protocol Report³. The Claim Protocol and the Verification protocol were developed according to the ISO 14020:2022 “Environmental statements and programmes for products – Principles and general requirements” and ISO 14021:2016 “Environmental labels and declarations – Self-declared environmental claims (Type II environmental labelling)”.

This statement may only be communicated and reproduced in its entirety and without change.

Declaration of independence

The validation was carried out by Vinçotte as an independent third party.

Conclusion

Based on the work undertaken, it is the conclusion of Vinçotte that:

- All direct electricity use coming from the production of aforementioned product are accounted for by purchasing the equivalent amount of renewable energy in the Benelux;
- The CO2 emissions generated by the transport of the product to the customers are accounted for by purchasing an equivalent amount of Verified Emission Reductions;
